PROFESSIONAL SUMMARY

Respectful and diligent seeker of reliable solutions and applicable knowledge. Experienced in tutoring and working in educational environment, and offering skills in Web development and Python programming. Fluent in English and Ukrainian, along with good knowledge of French, I am accustomed to learning and creating with cross-cultural, global, and vibrant teams.

WORK HISTORY

Ambiance Interiors Studio - Python Django Developer
Brussels, Belgium
09/2022 - 03/2023

- Developed websites on Python, Django, and vanilla HTML, CSS, JS
- Oversaw technical issues and troubleshooting requests to resolve user problems.
- Provided security maintenance and patching on website interface to maintain viability after launch.
- Optimized company's website and main corporate blog to boost SEO traffic to sites.
- Developed technical solutions required to accommodate specific user-facing assets
- Oversaw web platform testing, troubleshooting and user sampling prior to live deployment.
- Worked independently to design, develop and test code.

Exclusive IT - Individual Tutor
Kyiv, Ukraine
08/2021 - 03/2023

- Taught students Python, AP Python (Django), C#, Roblox, Blender, and Web Development courses
- Instructed students on comprehension of computer science, architecture, paradigms, programming language theory, and video game development
- Collaborated with teachers, administrators and parents to determine how best to support student success.
- Used personalized learning plans to guide students to deeper understanding of course material and learning styles.
- Created tailored lesson plans and study guides to teach and assist students in area of study.

Anton Minski - WordPress Developer
Kyiv, Ukraine
11/2020 - 12/2020

- Reviewed application requirements and interface designs and provided feedback on feasibility.
- Designed and implemented website from initial concept, site architecture and wire frames to finished deliverable.
- Converted PSD files into custom WordPress themes.
- Delivered quality commercial websites that met coding standards and cross-browser compatibilities.
- Collaborated with end users on project specifications, strategy and execution to build new WordPress pages and update existing ones.
- Designed responsive, mobile-first websites from design concepts.
